

# Extend Your Test Center's Reach with Remote Proctoring

In today's rapidly evolving job market, the need for adaptability and skill verification is at an all-time high. ACT® WorkKeys® remote proctoring, powered by Meazure Learning, is a flexible, seamless assessment solution, validating key workplace skills from any secure location, at any time, without the need for additional test center resources.

With remote proctoring, test centers can now remotely offer adult learners and job seekers six WorkKeys Assessments, including the three necessary to earn an ACT® WorkKeys® National Career Readiness Certificate™ (NCRC®).

**Applied Math**

**Workplace Documents**

**Graphic Literacy**

## Key Benefits for Test Centers

**FLEXIBILITY**

Extends test center reach and availability (24/7 service) to meet examinees where they are located at a time that works in their schedules.

**ACCESS**

Improves workforce quality by closing gaps and improving equity, especially in rural and underserved communities.

**INCREASE SITE CAPACITY**

Increase numbers of test takers and revenue without adding burden on your test center, personnel, support services, or budget.

**EXPAND YOUR ECOSYSTEM**

Empowers states, regions, and counties to drive economic growth and expand workforce development efforts with greater reach and convenience.

## Key Benefits for Examinees

- Allows 24/7 access to scheduling options and personalization.
- Eliminates geographic barriers to testing.
- Provides full technical support before and during an exam.
- Offers the opportunity to earn the WorkKeys NCRC.
